From Area Groups for
June, July and August

President's Letter

By Betty Cooper
Greetings:

By now you have in your possession our 2007 Seminar Brochure. The hard part now is trying to decide which classes you want to attend. Once again we have a wonderful selection from free motion to beadwork, computerized machines to theory projects. But you all know this. We want to thank those of you that submitted projects for us and would like to see along with the regular attendees many new faces this year. We are offering a basic free motion 101 class (free) for those of you who want to brush up on your techniques or who have never learned some of the techniques. If this is well attended, we can offer it at other seminars.

It looks like we will be having a new group of stray cats starting up in Idaho. There are about 8 ladies that are interested in joining MEOU and may even attend Seminar. This will be a great addition and we welcome them.

Remember Sew Expo is March 1-4 and if you plan on attending check out the MEOU booth and if you have some extra time, why not plan on helping man the booth. Contact Sue Bradbury for times you can donate. These times are also counted towards our community service hours.

See you at Seminar or Sew Expo and until then happy sewing.

Seminar 2007

NEW! Basics Class 101

This year we will have a free Basics 101 class on Thursday from 1-4. Please join Alice Morris and a team of MEOU experts to brush up your skills. Sign up on the registration form with your other Seminar classes.

Questions? Contact: Alice Morris 503-623-6759.

Sharing Display

Each year the sharing table displays are a highlight. Let your group shine and come see what other groups are doing. Prizes will be awarded for various categories such as best display, most creative items, etc. Contact Shelley Watson to reserve a table. Shelley Watson: 206-542-4369 or shell.watson@comcast.net. Subject: MEOU.
